

Unique multi-layer injection  
moulded manufacturing process  
using Nylon 11

1. Screwdriver blade  
moulded with  
preliminary extrusion

2. Moulded with  
handle core to  
cover top of shaft

3. Moulded with final  
injection incorporating  
handle – tool now fully  
insulated

MAXIMUM PERSONAL  
PROTECTION

MADE IN GREAT BRITAIN

# THE FACTS SPEAK FOR THEMSELVES

Founded in 1965,  
ITL has over half a century  
of experience producing  
quality insulated tools to  
the highest standard.

Our extensive range covers  
everything from spanners and  
sockets to torque tools.

Made in Great Britain,  
selling all over the world,  
we continue to expand our  
global reach.

## FACT

ITL is the only manufacturer to  
insulate its tools with Nylon 11

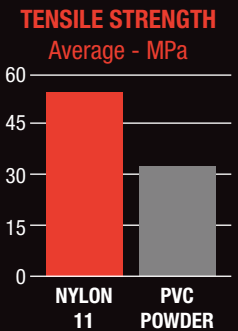

## FACT

Unique  
Nylon 11 injection  
moulding process  
Increases tool safety and durability

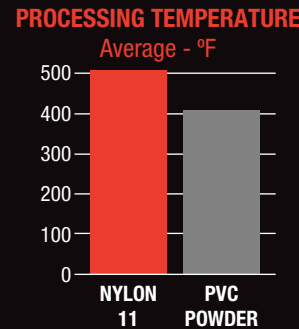

## FACT

Much stronger than  
PVC coated product  
Longer tool life and  
increased cost effectiveness

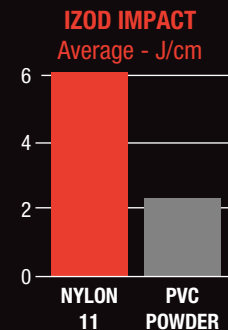

## FACT

Tool and insulation  
bond as one  
Higher tool to  
insulation integrity

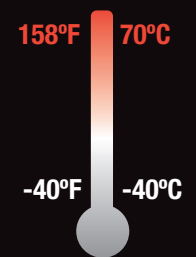

## FACT

Harder than  
PVC dipped product  
Tougher tools that withstand  
extreme field requirements

## FACT

All ITL tools are accredited  
to International Standard  
IEC 60900  
including category 'C'  
for operation within greater  
temperature range

## FACT

Lifetime Warranty  
on tool and insulation

**LIFETIME WARRANTY**
